

Welcome to Trail Ridge Men's Golf Club

Congratulations on your selection of the Trail Ridge Men's Club as your choice for golf. We feel we have the most professional, friendly and active Club of all those in Sun City West.

This website has been designed to help speed your entry as an active participant in our Club. We pride ourselves on having not only the best players in the community, but the most diverse group of players as well. Our member handicap range is: approximately 40 members 0-10; 140 members 11-20; 75 members at 21 and up this past year. So there is someone for you to play with no matter what your skill level or experience.

We are one of 111 current authorized Clubs in Sun City West. That means many of our policies are dictated by community requirements. However, we do tailor our rules and regulations to fit our Club.

Below please find a list of Club Officers and their specific responsibilities, the current membership list, membership application and other pertinent club information. If you have a question, problem, concern or suggestion, please feel free to contact the appropriate Board member directly.

A major difference between Trail Ridge and other golf clubs is the variety of games that we play. We try to schedule 2 individual events and 2 team events each month. We have over a dozen different games we play and none are what you would call "goofy golf."

We have two general meetings a year where we schedule guest speakers on a variety of topics. Most center on golf but we also want to expose you to many other issues that affect SCW residents.

We are a competitive driven club but with a heavy dose of sociability. Your Board is committed to insuring you enjoy your golf experience and the people you play with.

Once again, thank you for choosing Trail Ridge. You made the right choice!!
