

Congratulations on your selection of the Trail Ridge Men's Club as your choice for golf. We feel we have the most professional, friendly and active Club of all those in Sun City West. This website has been designed to help speed your entry as an active participant in our Club. We pride ourselves on having not only the best players in the community, but the most diverse group of players as well. We have a very broad range of handicaps in the league, from scratch golfers to 30+ handicaps. We also offer flighted play from Green, Gold, White and Blue tees, so the League offers fun and challenge to any skill level. Have fun...

We are one of 111 current authorized Clubs in Sun City West. That means many of our policies are dictated by community requirements. However, we do tailor our rules and regulations to fit our Club.

A major difference between Trail Ridge and other golf clubs is the variety of games that we play. We try to schedule 1 team even in months that have 5 Wednesdays, otherwise it will be an individual game. We also operate strictly on tee times. During high season, we will start groups on number 1 and number 10 and have a crossover, but it is all still tee time based, no shotguns.

We have two general meetings a year where we schedule guest speakers on a variety of topics. Most center on golf but we also want to expose you to many other issues that affect SCW residents.

We are a competitive driven club but with a heavy dose of sociability. Your Board is committed to insuring you enjoy your golf experience and the people you play with. Once again, thank you for choosing Trail Ridge. You made the right choice!!
